

Punta Gorda Police Vehicles Get New Look

Posted: December 22, 2022

Punta Gorda residents may have already noticed that some of the police department's patrol vehicles have a new look. It has been about a decade since the Punta Gorda Police Department has updated the graphics and look of their vehicles. The new vehicles are black with a graphics package designed by the department's very own Corporal Joshua Girard. As new vehicles are purchased over the next several years residents should expect to see more vehicles with the new scheme.
